MercuryPay®

Fast, reliable and secure payments for your choice of payment processing solution

Get fast, reliable, and secure payment processing with MercuryPay®, Mercury's award-winning payment processing. With Mercury, you can accept the most common payment types and card brands, while enjoying reliable uptime, real time transaction viewing, same day or next day funding* capability and promotional payment options. Unlike other processors that lock you into a particular payment solution, Mercury processing is already built into your choice of POS system that best meets your needs. MercuryPay supports stand-in authorization to provide continuous transaction approvals, even if the authorization network fails.* MercuryPay helps you run your business the way you do business.

- Fast processing and payment funding
- Competitive rates
- Secure transactions
- High reliability
- Value-added promotional options to help grow business
- POS and device choice flexibility

Key Features

Accept Broad Payment Types and Card Brands:
- Payment Types: Credit, Debit, Check, EBT and FSA
- Card Brands: Visa, MasterCard, Discover, AMEX and JCB

Reliable Uptime: MercuryPay, with historically highly stability, supports reliable payment processing.

Live 24/7 US-Based Support: Our Mercury Support Team is here to answer calls and emails 24/7, including holidays.

Proactive Troubleshooting: Minimize processing problems with our customizable MercuryAlerts™ messaging service. We'll notify you of certain processing irregularities, to help you avoid or mitigate serious problems.

Stand-In Authorization™: Continuous processing if the authorization network goes down.*

Internet Backup: Our high speed internet backup solution automatically switches to dial-up processing if the internet disconnects.

MercuryView®: Mercury's online portal simplifies business management with real-time, customized, transaction reporting. Enhanced reporting features help you manage finances and streamline bookkeeping.

Add-on Features

Mercury VirtualTerminal: Web and mobile payment processing – avoid losing another sale when you are away from your business.

MercuryAnyware: A ready-to-use EMV solution – accept safe and convenient EMV payments (Only available in Canada.).

Accelerated Funding:* Same Day Funding and Next Day Funding capabilities, to get your money faster.

* Available for merchants who meet eligibility requirements. Certain restrictions and limitations apply; not available in Canada.
