

2025 Dates
February 25-27
June 17-19
November 4-6

Expanding Your Connections - Bioprocess Online is excited to introduce Bio-Expo Live, a series of live virtual events designed to empower biopharma professionals. Through these sessions, attendees will have the chance to explore the newest equipment and solutions offered by our sponsors, aimed at addressing the current challenges within the drug development process. This interactive online platform ensures convenience and accessibility, fostering an environment of learning and innovation for all participants.

Sponsorship* Includes

- **Online Presentation**

10-15-minute presentation to share you equipment/technology offerings, including a pre-recorded video or live tour/demonstration providing visual representation of your facilities, equipment, locations, etc., and live Q&A.

- **In-event Engagement Details**

Attendee slide downloads and question submissions sent within one week of event.

- **Pre- & Post-Event Marketing**

Company name, logo, speaker headshot, company url, and/or presentation abstracts shared via marketing materials, registration page, social media, and event presentation platform.

- **Polling Question**

Engage attendees with one self-created pop-up polling question resulting in unique, personally identifiable responses. Question must be approved by our editor. After the event you will receive documentation of your responses as well as respondent contact information.

- **Post-Event Registration List**

Sent one-week after event, pre-show list not available.

- **Post-Event Video Production**

Post-event production cut of your company's presentation. Professionally packaged as a stand alone video content file that can be used at company's discretion.

- **Special Edition Newsletter Inclusion**

Inclusion of your presentation in a post-event special edition newsletter. These engagements will be passed along to you.

** Sponsorships may only be purchased in conjunction with an active Life Science Connect Audience Access License program.*
