

How to Stay COVID-19 Free at the WRRF

SEWAGE IS FILTHY

Good hygiene and PPE protect workers from most infections

WASH YOUR HANDS WELL

With soap and water for 20 seconds or sanitizer with at least 60% alcohol

DO NOT TOUCH YOUR FACE

Do not touch eyes, mouth, nose or cuts when handling sewage

WEAR PROPER PPE

Make sure you wear water proof gloves and rubber boots

CLEAN DIRTY SURFACES

Clean frequently touched surfaces with 70% Ethanol or 0.5% chlorine

HAZARD ASSESSMENTS

Consider biological hazards before performing a task

REMOVE DIRTY CLOTHES

Soiled clothes should be removed before eating or leaving work

EAT IN CLEAN AREAS

Eat, smoke or chew gum in designated clean areas

COVER SORES AND CUTS

Use clean, dry bandages to cover cuts, wounds and sores

WASH HANDS

After handling sewage, before eating, before and after toilet use

FLUSH EYES WITH WATER

If sewage splashes in your eyes, flush with clean water

LAUNDRY WITH CHLORINE

Laundry work clothes at the end of the day with 0.05% chlorine
